**FOR IMMEDIATE RELEASE**

**ASSOCIATION FOR WOMEN IN TECHNOLOGY TO HOLD Members Only Event**

**WHAT:** The Association for Women in Technology is holding our annual Members Only event.

**There are dividends through the Power of Networking!** Here is a great way to kick-off 2009 and expand your networking contacts! Join AWT, and attend the Members Only event to discover all the great programs and events in 2009 and hear AWT's key note speaker, Susan Howington, a sought-after *expert in the Executive Career Transition field* speak on the power of networking. Susan's remarkable success derives from her understanding that in circumstances of executive outplacement, nothing replaces the effectiveness of human interaction and *person to person connections*.

There is no better way to network than to network with your peers and have fun. Please join AWT, and benefit by attending this event and expand your network with other IT professionals. It's the perfect combination for networking with other AWT members and make 2009 the best year yet!

**Members Only provide opportunities to:**

- Expand your professional and personal contacts
- Gain visibility for your company
- Meet new clients and friends
- Build your brand with your network

**WHO:** The Association for Women in Technology is the only non-profit women's technology organization in Southern California dedicated to the advancement of women and girls in all fields of technology.
