

Amy Nowakowski
Business Consultant
Innovative Solutions Group

Ms. Amy Nowakowski is the founder and business consultant of Innovative Solutions Group, providing management consulting, training, and business planning workshops to small and mid-size companies. Keynote addresses are available for organizations on business success principles. Ms. Nowakowski is a co-author of a recently released book, *The Power of Mentorship for the Woman Entrepreneur* and a soon to be released book, *The Power of Mentorship for the Home Based Business*.

Ms. Nowakowski provides practical information and services that assist customers with developing business, marketing, and project plans that focus activities to achieve powerful results that improve profit margins. If your organization has a project to be planned out with a focused effort or a new product to launch, Ms. Nowakowski can put the plan together and even manage the plan too.

Ms. Nowakowski has over 17 years of experience as a program manager in fortune 500 aerospace corporations developing avionics and major airplane components utilizing earned value systems and managing complex development programs. Additionally, Ms. Nowakowski has over 8 years experience managing software development programs for fortune 500 aerospace corporations.

Ms. Nowakowski completed her MBA through the University of Phoenix in June 2002. Additionally, she holds a Masters of Science in Computer Engineering from Iowa State University, and a Bachelor of Science in Applied Mathematics with a double minor in Computer Science and Business from the University of Wisconsin.

Ms Nowakowski offers public speaking with keynotes and training on Project Management, Risk Management, Team Motivation Tips, Powerful Goal Setting, Stress Management and Strategic Planning. Two special keynotes offered upon request titled “Stop the Violence” & “Surviving Strong with Cancer” inspire audiences to get involved to make a difference in the lives of those unfortunate enough to be touched by these two tragic events.
